Rescue.org 

Led by Onzia Rabi, a dedicated 22-year-old teacher, Limika Home Learning Center currently serves 120 children aged 3 to 5 years.

My learners are brilliant, confident children. They can sing, count, relate and support each other. It is fulfilling every time I see them doing that.

— Onzia Rabi

Onzia was identified by community leaders to be the lead educator at the center.

I have two children at this school, one is 3 and the other is 5. Previously, what children did was play the whole day and do odd work like fetching water and firewood because the nearest nursery is very far. Limika has changed the lives of our children.

— Asna Gadai
